Please join us, The North Jersey Linux User group, in celebrating

See demonstrations of GNU/Linux as well as Free Software applications.
Talk to Free Software advocates about how you can use Free Software as an alternative to expensive Windows and Macintosh software. Bring your questions about Free Software and GNU/Linux for us to answer.
We are meeting at the Morris County Public Library at 2:30pm on Saturday the 18th. The library is located at East Hanover Ave. in Whippany NJ, more information about the library can be found at www.mclib.info or by calling (973) 285-6930
You can also join us at our regular meetings on the last Wednesday of each month. More information can be found at http://njlinux.org
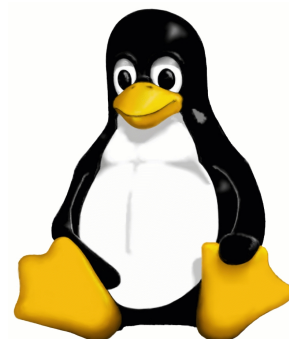

We will be distributing free copies of GNU/Linux such as Fedora and Ubuntu.

Free and Open Source Software!

Morris County Library

Saturday September 18th

Software Freedom Day (SFD) is a worldwide celebration of Free and Open Source Software (FOSS). Our goal in this celebration is to educate the worldwide public about of the benefits of using high quality FOSS in education, in government, at home, and in business -- in short, everywhere! The non-profit organization Software Freedom International coordinates SFD at a global level, providing support, giveaways and a point of collaboration, but volunteer teams around the world organize the local SFD events to impact their own communities.
